ITALY AND ITS FERMENTATIONS-The state of Italy, at present, is not only interesting, but State of Missouri of each alternative section entirely anomalous, The movement of the unper current; but he will do nothing contrary to real Conservatism, and, in his hand, the political economy of Italy would be improved; Austrian and French Bourban dominationthe one in the North and the other in the South tainers, save them only who are for war, con- of Italy. A Bourbon prince governs Naples and the Sicilies, and Austrian bayonets govern five millions of Italians in the North. This has proved to the Italians the worst of tyrannies, and they are and always have been tired of it. To get rid of this most unreasonable and vicious political arrangement, is the end in view, to OF There are 5,800 taverns in the State of establish on its ruins, Republican Government.

There is, therefore, a universal fermentation, and this alarms the Pope, quite as much as the crowned heads.

The London Times states a circumstance, which illustrates, in a stronger point of view the greatest good fortune imaginable on this than anything we have seen, the fermentation and excitement of the people. Milan is under the Government of Austria, and the most prosperous part of Italy. The Austrian Government derives a large income from the Monopo-Chloroform.-We met a friend rather late ly of Tobacco, and other articles of consumption. The Milanese had heard that the Americans made their Revolution by refusing to drink tea! Forthwith an annonymous Proclamation appeared, announcing that the Austrian tax could be avoided, by the non-consumption of Tobacco, and other monopolized articles. No sooner said than done. The whole body of 'Sick? Why no! you sarpent! What under the people ceased to use Tobacco! Anoymous publications threatened the punishment of those who did not obey the mandate! The conseexcept by the Austrian soldiers, who puffed a double quantity, to show their loyalty! This shows the spirit and excitement of the peo-
